This is your official Application Information Kit for ULTRA520K CANADA. It contains all the information necessary for you to apply for an invitation to participate in this event. It is very important that you carefully read this entire kit before you actually complete the application.

Application Process

This is an Invitation Only event. Applications will be accepted up to and including May 1st of the event year. Organizers will Select and Invite 30(thirty) athletes on a first come, first served basis as the applications are received and if otherwise qualified. Applications received after the event is full (30 thirty athletes) shall be held on a waitlist and places offered if otherwise qualified and places become available. If demand is such, the organizers may open the registration numbers to 35 (thirty-five).

Special consideration will be given to individuals that have volunteered or crewed in previous ULTRA520K events; however this will not exclude the need for meeting the qualifying standards as detailed below.

Special emphasis will be placed on the applicant's endurance activities to date, and the demonstrated ability to finish all three stages. The applicant must have finished an iron distance event in the previous calendar year or sooner to the Ultra520K Event being applied for; and the finishing time for the qualifying race should be under 14 hours and 30 minutes. Results outside of the qualifying time may be considered along with the circumstances under which the result was acquired. Events that consist of distances that are of at least iron distance in some disciplines but not all three may be considered when combined with other events that contain at least the iron distance of the discipline missing from the first event.

Your application will not be considered complete until you also submit a 2" X 2" head and shoulder photo (passport style) in jpeg format (no hats, visors, sunglasses, pets or other people in the photo).
